This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

LAWS

RELATIVE TO PUBLIC INSTRUCTION

IN THE CITY OF NEW YORK.

An Act to amend, consolidate, and reduce to one Act, the various Acts relative to the Common Schools of the City of New York.

Passed July 3, 1851.

As amended by the Acts severally entitled "An Act relative to Common Schools in the City of New York."

Passed June 4, 1853.
March 31, 1854.
April 15, 1854.
April 15, 1863.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

OF SCHOOL OFFICERS AND THEIR ELECTION.

§ 1. There shall be two Commissioners, two Inspectors, and eight Trustees of Common Schools, in each of the Wards of the city of

New York, who shall be known as the School Officers of the Ward.

At every general election there shall be elected, in each of the said Wards, one Commissioner, one Inspector, and two Trustees of Common Schools, who shall take office on the first day of January next succeeding their election, and hold the same for the following terms: the Commissioner and Inspector for two years each, and the Trustees for four years each.

The Commissioners, Inspectors, and Trustees of Common Schools, in office, shall continue to hold their offices until the first day of January, one thousand eight hundred and fifty-five, and until the expiration of the terms for which they were elected by the people, as determined by lot, or for which they were appointed by the Public School Society; and the Trustees, elected by the people previous to the first day of January, one thousand eight hundred and fifty-three, shall also continue in office until the thirty-first day of December next succeeding the expiration of the terms for which they were respectively elected: Provided, however, that the term of office of every Trustee elected before the first day of January, one thousand eight

hundred and fifty-four, shall cease and terminate on or before the first day of January, one thousand eight hundred and fifty-eight.

In the case of two or more Trustees, chosen at the same election, in any Ward, such Trustees shall cease to hold office as follows: Those elected before the first day of January, one thousand eight hundred and fifty-three, on the thirty-first day of December next succeeding the expiration of their respective terms, as legally determined by lot or otherwise, and those elected after said first day of January, at the expiration of their respective terms, as legally determined by lot or otherwise, unless otherwise provided by this act; and in every case in which there has not been such a legal determination of terms, the Board of Education shall, on the first Wednesday in May, one thousand eight hundred and fifty-four, determine by lot, and declare the term for which each of the Trustees shall serve.

The Board of Education shall, on or before the first day of June, one thousand eight hundred and fifty-four, prepare and cause to be filed in the office of the Clerk of the said Board, a list of all the School Officers then in office,

stating which of them were elected by the people, which of them were appointed by the Public School Society, and which of them were appointed by the Board of Education, to fill vacancies, and also the times at which the said School Officers will respectively cease to hold their offices; which list shall be *prima-facie* evidence in respect to the matters hereby required to be stated therein.

The School Officers previously appointed to fill vacancies, shall continue in office until the first day of January, one thousand eight hundred and fifty-five, and no longer; and every person thereafter appointed to fill a vacancy in a School Office, shall hold his office until the first day of January next succeeding the time of his appointment, and no longer.

Every vacancy in the office of a Commissioner, Inspector, or Trustee of Common Schools, occurring more than twenty days previous to any general election, shall be filled at the next general election; and every person chosen to fill a vacancy shall take office on the first day of January next succeeding the election, and hold the same for the residue of the term; and, in every such case, the person

voted for to fill a vacancy shall be designated in the ballot by the words, "to fill a vacancy," written or printed immediately over his name, and shall also be so designated in the returns of the election; and if there be more than one vacancy in the office of Trustee in any Ward, to be filled at the same election, each person voted for to fill a vacancy, shall be designated on the ballot and in the returns, by adding the number of years for which he is to serve to the words, "to fill vacancy;" so that the designation will read, "to fill vacancy of — years."

In case in any Ward the number of Trustees in office shall at any time be less than eight, the Board of Education shall have power, upon the nomination of the School Officers of the Ward, to appoint as many Trustees, as will make, including the Trustees previously in office, eight Trustees for the Ward; but the Trustees so appointed shall cease to hold office on the first day of January next ensuing, and their successors shall be chosen at the next general election, to serve for such number of years, respectively, as the Board of Education may designate.

The Board of Education shall, at least fifteen

days previous to every general election, cause to be filed in the office of the Clerk of the Common Council, a list of the school offices to be filled at the next general election, stating the names of the officers whose terms will expire; and also, in each case of an unexpired term in which a vacancy is to be filled, stating the number of years which the persons elected to fill the same will be entitled to serve.

The elections held by virtue of this act, shall be subject to the same laws and regulations, in all respects, as those which govern the general elections in said city. The ballots for School Officers shall be endorsed, "Common Schools," and deposited in a separate box, to be provided therefor.

Every School Officer shall, before entering on the duties of his office, and within fifteen days after the commencement of the term for which he is elected, or from the time of being notified of his appointment to fill a vacancy, take and subscribe before the Clerk of the Board of Education, the oath prescribed by the Constitution of this State. And any school office to which any person, who shall omit to take the said oath within the time and in the

manner above prescribed, may have been elected or appointed in said city, shall be considered as vacant from and after the expiration or said fifteen days, and the vacancy shall thereupon be filled in the manner in which other vacancies in school offices are filled.

The Board of Education shall be judges of the election or appointment and qualification of its members.

Every School Officer shall, at the time of his election or appointment, be a resident of the Ward for which he is elected or appointed; and the Board of School Officers of any Ward shall have the power to declare vacant the office of any Commissioner, Inspector, or Trustee, elected by the people, or appointed by the Board of Education, who shall have removed from the Ward; and it shall be the duty of such Board of School Officers to consider the subject, and determine whether or not the seat of the officer who shall have removed from the Ward shall be declared vacant.

to recommend the rules and regulations which they deem necessary and proper for the said Academy. The Board of Education may, at any regular meeting thereof, by a majority of all the members of the said Board, remove any or all the members of the said committee, and appoint another person or persons in place of the member or members of the said committee so removed.

OF THE CITY SUPERINTENDENT.

§ 11. The City and Assistant Superintendents of Schools shall take and subscribe, before the Clerk of the Board of Education, the

oath of office prescribed by the Constitution of this State ; shall each hold office for the term of two years, and until his successor is appointed, subject to removal by the Board, on complaint, for cause stated; shall respectively receive such compensation as the Board of Education may designate, which shall not be changed during the term of office of any incumbent ; and shall be subject to such rules and regulations as the Board of Education may establish. It shall be especially the duty of the City Superintendent—

1. To visit every school under the charge of the Board of Education as often as once in each year ; to inquire into all matters relating to the government, course of instruction, books, studies, discipline, and conduct of such schools, and the condition of the schoolhouses, and the schools generally, and to advise and to counsel with the Trustees in relation to their duties, the proper studies, discipline and conduct of the schools, the course of instruction to be pursued, and the books of elementary instruction to be used therein ; and to examine, ascertain and report to the

whenever the City Superintendent may deem necessary, any of the teachers employed in the schools under the charge of the Board; and to annul for any cause satisfactory to the City Superintendent, any license or certificate of qualification to teach in the schools of the city of New York; but such action shall not be taken by him until he has given at least ten days' previous notice to the teacher, and to the Trustees of the Ward in which he is employed, nor until the teacher has been allowed a hearing; nor shall such action disqualify the teacher, until a note of the decision of the City Superintendent stating the name of the teacher and the time when the license or certificate was annulled, has been signed by the City Superintendent, filed in the office of the Clerk of the Board of Education, and served upon the teacher: Provided, however, that every such teacher shall have a right of appeal to the State Superintendent of Public Instruction; and in case such appeal is taken by the teacher within ten days after the note of the decision is served upon him, he shall not be disqualified until the action of the City Superintendent has been confirmed by

the State Superintendent of Public Instruction.

3. Generally, by all the means in his power, under the regulations of the Board of Education in respect thereto, to promote sound education, elevate the character and qualifications of teachers, improve the means of instruction, and advance the interests of the schools committed to his charge.

§ 12. The City Superintendent shall be subject to such general rules and regulations as the State Superintendent of Public Instruction may prescribe; and appeals from his acts and decisions may be made to the Superintendent in the same manner and with like effect, as in cases now provided by law; and he shall make annually, to the State Superintendent of Public Instruction, at such times as shall be appointed by him, a report in writing, containing the whole number of schools in the city and county, distinguishing the schools from which the necessary reports have been made to the Board of Education by the Commissioners, Inspectors, and Trustees of Com-

mon Schools, and containing a certified copy of the reports of the Board of Education to the Clerk of the City and County, with such additional information as the State Superintendent of Public Instruction may require.

§ 13. It shall be the duty of the Board of Education, by general rules and regulations, to provide a proper classification of studies, scholars, and salaries, in such manner that, as near as practicable, the system of instruction pursued in the Common Schools, and the salaries paid to teachers, shall be uniform throughout the city.

OF THE SUPPORT OF SCHOOLS.

§ 14. Whenever the Clerk of the City and County shall receive notice from the State Superintendent of Public Instruction of the amount of moneys apportioned to the county of New York for the support and encouragement of Common Schools therein, he shall immediately lay the same before the Board of Supervisors of said county; and the Chamberlain of the said city shall apply for and receive the school moneys apportioned to the

said county, as soon as the same become payable, and place the same in the city treasury for the same purposes as the moneys raised under the sixteenth section of this act.

§ 15. The said Board of Supervisors shall annually raise and collect, by tax upon the inhabitants of the said city and county, a sum of money equal to the sum specified in such notice, at the time and in the same manner as the contingent charges of the said city and county are levied and collected; also a sum of money equal to one twentieth of one per cent. of the value of the real and personal property in said city, liable to be assessed thereon, and pay the same into the city treasury, to be applied to the purposes of Common Schools in said city; and the Board of Education shall apportion the money so raised to each of the schools hereafter provided for by this act, except the Free Academy and the Evening Schools, according to the number of children over four and under twenty-one years of age, who were actual residents of the city and county of New York at the time of their attendance on such schools, without charge, the

preceding year; and the average shall be ascertained by adding together the number of such children present at each morning and afternoon session of not less than three hours, and dividing the sum by four hundred and sixty; and if any school shall have been organized since the last annual apportionment, the average shall be ascertained by dividing by a number corresponding to the actual number of morning and evening sessions, of not less than three hours each, held since the organization of such school; and the sum apportioned to any schools, other than the Ward Schools, shall be paid to the Trustees, Managers, or Directors of such schools, respectively, by drafts on the City Chamberlain, to be signed by the President and Clerk of said Board, and made payable to the order of the Treasurers of said Trustees, Managers, or Directors.

§ 16. Said Board of Supervisors shall also raise and collect, at the same time and in the same manner, such additional sum or sums as the Board of Education, in pursuance of the provisions of the first subdivision or the third

section of this act, shall have reported to be necessary for the purposes therein mentioned. Such moneys shall be paid into the city treasury, and shall, together with the amounts apportioned to the schools under the charge of the Board of Education, be paid by the Chamberlain of the said city upon the drafts drawn on him by the Board of Education, signed by the President, and countersigned by the Clerk of the Board, and by the Commissioners, or one of them, of the Ward for which the money is to be paid, except such sums as shall be drawn for purposes other than the expenses of Ward Schools, which shall be paid by said Chamberlain upon drafts drawn on him by said Board, signed by the President and Clerk, and countersigned by the Chairman of the Finance Committee of said Board ; and all the drafts shall be made payable to the person or persons entitled to receive the same, except that the payment of wages and salaries may be made by pay-rolls, upon which each person shall separately receipt for the amount paid to such person ; and in every case of payment by a pay-roll, the draft for the aggregate amount of wages or salaries included therein, shall be

made payable to the Superintendent, Principal Teacher, or other officer designated for the purpose, by the By-Laws of the Board of Education.

§ 17. If any of the said newly-organized Ward Schools, by reason of peculiar circumstances, shall be equitably entitled to a larger sum than they will receive under an apportionment made as aforesaid, then the Board of Education shall be authorized, and they are hereby required, to make to such schools such further allowance out of the school moneys as they, the Board of Education, shall deem just and proper.

§ 18. No school shall be entitled to, or receive any portion of the school moneys, in which the religious doctrines or tenets of any particular Christian or other religious sect shall be taught, inculcated, or practiced, or in which any book or books, containing compositions favorable or prejudicial to the particular doctrines or tenets of any particular Christian or other religious sect, or which shall teach the doctrines or tenets of any other religious sect, or which shall refuse to permit the visits and examinations provided for in this act.

But nothing herein contained shall authorize the Board of Education to exclude the Holy Scriptures, without note or comment, or any selections therefrom, from any of the schools provided for by this act; but it shall not be competent for the said Board of Education to decide what version, if any, of the Holy Scriptures, without note or comment, shall be used in any of the schools: Provided, that nothing herein contained shall be so construed as to violate the rights of conscience, as secured by the Constitution of this State and of the United States.

§ 19. If the school moneys apportioned to the Common Schools, agreeably to the previous section of this act, shall exceed the necessary and legal expenses of either of such schools, the Board of Education shall authorize the payment only of such sum or sums as shall be sufficient to provide for such expenses; and any deficiency in the sums apportioned to meet the necessary and legal expenses of public education in the said schools, shall be supplied by the Common Council of the said city, and they are hereby authorized and directed to

raise by loan, in anticipation of the annual tax, such sum or sums as shall be necessary to meet such deficiency. And the Board of Education shall in all cases certify to the Common Council the cause of such deficiency, and that the same was unavoidable ; and unless such certificate shall be made, the said Common Council may refuse to raise the sum required to meet such deficiency.

§ 20. The Board of Education shall require from the Executive Committees conducting schools by appointment of the Board, and from the Trustees, Managers, or Directors of the Corporate Schools entitled to participate in the apportionment of school moneys, a report in all respects similar to that required from the Trustees of each Ward by the tenth section of this act. And in making the apportionment among the several schools, no share shall be allotted to any school or society from which no sufficient annual report shall have been received for the year ending on the last day of December immediately preceding the apportionment.

§ 21. Whenever an apportionment of the

public money shall not be made to any school, in consequence of any accidental omission to make any report required by law, or to comply with any other regulation or provision of law, the Board of Education may, in its discretion, direct an apportionment to be made to such school, according to the equitable circumstances of the case, to be paid out of the public money on hand; or, if the same shall have been distributed, out of the public money to be received in a succeeding year.

public education, and all suits in relation to the same shall be brought in the name of said Board, and no contract or contracts shall be made by the School Officers of any Ward for the purchase of any site, without the consent of the Board of Education, or for the erection, or fitting up, or repairing of any building, when such repairs shall exceed in amount the sum of two hundred dollars as authorized in this act, until a statement in writing of the amount required for that purpose shall have been presented to the Board of Education by said School Officers, and together with a copy of the working drawings, plans and specifications of the work to be done, pursuant to the provisions of this act, shall have been duly filed and approved of, as herein required, and an appropriation shall have been made by the Board of Education therefor.

majority of all the members thereof, that it is proper to close the same, it shall be the duty of said Board to withhold all moneys which may have been apportioned or appropriated for the support of said school, and the said school shall not thereafter participate in any subsequent apportionment of the school moneys. So soon as the same shall take effect, the Comptroller of the city shall be notified thereof by the said Board, and the said school-house and site may thereupon be used, or disposed of, as a part of the general property of the city.

September, eighteen hundred and fifty-three, convey and transfer, according to this act, by deed to be approved by the counsel to the Corporation of said city, all their corporate property, to the Mayor, Aldermen, and Commonalty of the City of New York, subject to all liens and incumbrances thereon, and the debts of said society; and thereupon the said property shall belong to the said Mayor, Aldermen, and Commonalty, in the same manner as the school property now used and occupied by the Ward Schools belongs to the said Mayor, Aldermen, and Commonalty; and the schools of the Public School Society shall be Ward Schools, subject to the same control, and enjoy the same rights and privileges as if originally organized as Ward Schools; but such portions of the property aforesaid as have been granted to the Public School Society, subject to the trust that the same shall be devoted to the purposes of common schools, shall be held subject to such trust; and the premises now known as Trustees' Hall, situated at the corner of Grand and Elm streets, shall be used and occupied by the Board of Education, as long as they may think

advisable, for the meetings and business thereof, and for such educational purposes as the said Board may direct, and the residue of the property aforesaid shall be conveyed for the purposes of Common Schools, in the same manner as the property purchased by the authority of the Board of Education for the purpose aforesaid.

§ 2. The Public School Society shall, at the time of such conveyance, make a detailed statement of all their property, real and personal, and of all their debts of every description, existing at the time of such conveyance, which shall be certified as a full, just, and true statement of all such property and debts, by their President, Treasurer, and Secretary; and shall deliver one copy thereof, so certified, to the Comptroller of the City of New York, and the other copy, so certified, to the Clerk of the City and County of New York, for the use of the Board of Supervisors of the City and County of New York; and the said Board of Supervisors shall thereupon proceed to audit and determine the amount of all the debts of the said society, and shall cause the same to

be certified and filed with the said Comptroller.

§ 3. Upon the amount of the debts of the said Society being so certified and filed, it shall be lawful for the Mayor, Aldermen, and Commonalty of the City of New York, and it shall be their duty to raise, by loan, a sum not exceeding the amount of the debt so certified and filed, by the creation of a public fund or stock, to be called, "The Public Education Stock of the City of New York, of the year one thousand eight hundred and fifty-three," which shall bear an interest of five per cent. per annum, and which shall be redeemable at a period of time not more than twenty years from the passage of this act. The said Mayor, Aldermen, and Commonalty, shall determine of what number of shares the said stock shall consist, and the said stock shall be disposed of by public competition, under the direction of the Commissioners of the Sinking Fund of the City of New York. The moneys raised by virtue of this act shall be applied for the purpose of paying and discharging all the said debts; any deficiency, by reason of interest

accruing on the said debts, after the same are so certified and filed, shall be paid by the said Mayor, Aldermen, and Commonalty, out of the city treasury; and any excess, by reason of the said stock being disposed of at a premium, shall be held as part of the Sinking Fund herein-after provided.

Commissioners and Trustees so appointed shall have the same rights and powers, and be subject to the same liabilites and duties, as other Commissioners and Trustees of Common Schools in said city, except that they need not reside in Wards for which they are appointed. Any vacancy occurring in the office of any such Commissioner or Trustee, shall be filled in the same manner as vacancies in school offices are now filled.

§ 6. As soon as the said Public School Society shall have conveyed all their corporate property, and made and filed the statements, and made and filed the appointments of Commissioners and Trustees provided for in the previous sections of this act, the corporate powers and the existence of the said Public School Society shall cease, and their schools be merged in the system of public instruction provided by the act entitled, "An Act to amend, consolidate, and reduce to one Act the various Acts relative to the Common Schools of the City of New York," passed July third, eighteen hundred and fifty-one, so as to be and remain, pursuant to the provisions of this act,

§ 99. The option of each student as to the course of studies shall be made in writing, and registered and filed at the Academy. It shall be made by the parent or guardian, or shall be by the parent or guardian submitted, in writing, to the discretion of the Faculty. Students pursuing a particular course will not be supplied with rooms for study at the Academy, but will be expected to come there for recitations and lectures.

§ 100. At the beginning of each term the students in each full course of the first three years shall be divided, as nearly as may be

practicable, into sections of thirty-five—and of the other classes, of forty students—for the purpose of recitation ; but no class shall be organized with less than twenty students. Each student shall have three recitations or lectures each day, besides drawing, and also an exercise in declamation and composition about once a month. The recitations and lectures shall be so arranged, in alternation with the hours of study, that the professors, while not occupied with giving instruction may visit the recitation rooms of the tutors in their respective apartments (which it shall be their duty to do), to observe the manner in which instruction is given, and to become acquainted with the students, their progress, and attainments. The Professor of Moral, Intellectual, and Political Philosophy, shall give at least one lecture, or hear one recitation, each day ; the Professor of Chemistry, three ; and all the other members of the Faculty, whose whole time is devoted to the Institution, and the tutors, *four*. The Professor of Drawing shall teach Descriptive Geometry in the Department of Pure Mathematics, when not engaged with his classes in drawing.

The studies of cognate departments shall be so distributed among the professors and tutors therein, as to give each full employment. If any instructor shall be absent from his post, the Principal shall direct another to take his place for the time being.

§ 101. Rooms Nos. 4, 5, 6, 7, 8, 10, 13, 15, 16, 18, 20, 22, 25, 26, 28, 30, 32, shall be appropriated to the insructors as recitation rooms ; and rooms Nos. 12, 17, 19, 24, 27, 29, be occupied as study-rooms by the students at their desks, under the superintendence of an instructor.

§ 102. The duty of superintending the students in the study-rooms shall be performed by all the instructors, except the Principal, and those who are on duty only for a part of the day. They shall perform the same in regular rotation ; and it shall be the duty of such of them as are members of the Faculty, when not engaged in instruction, occasionally to pass through the study-rooms and halls each day, and to report to the Principal any irregularities or violations of good order which may come under their notice.

Discipline.

§ 103. Every student shall conduct himself according to the rules of good manners, good morals, and manly propriety; shall give punctual and constant attendance to all his duties; shall use the property of the institution with care and economy, and restore the same when required.

§ 104. The punishments inflicted in the Academy shall be the demerit marks, private admonition, admonition by the Principal, in the presence of the section and of the instructor, in the recitation room, suspension by the direction of the Principal, public admonition by the Principal in presence of all the students at roll-call, final admonition by the Principal in a meeting of the Faculty, and dismission for misconduct, to be directed by a vote of the Faculty; and whenever either of the same is inflicted, it shall be recorded in the "Book of Discipline," with the number of demerit marks, to be carried into the ledger for the same.

§ 105. The several professors and tutors

shall enforce in the various sections, while under their personal inspection, such rules of discipline as may be established, and shall be responsible for the maintenance of order therein, and shall keep full daily records of the merit and demerit of each student under his care, and shall report the same in writing to the Principal, who shall cause an abstract of these reports to be entered in the books of the Academy, and the reports to be filed and preserved.

§ 106. Each instructor shall keep a class report, embracing a period of two weeks, in which shall be entered the merit and demerit marks of each student while under his care, and the same shall be carried into the ledger every two weeks.

§ 107. Each instructor shall be provided with a Register of Conduct, in which it shall be his duty to enter all cases of violation of good order by any student in his presence, which he thinks deserving of censure, with the amount of such censure in demerit marks. Each instructor shall leave his register with

the Principal at the close of the academic exercises of each day, and receive the same again from him each morning; and it shall be the duty of the Principal to examine such entries, and enter his approval of such marks, or, on consultation with the Instructor, make such change in said demerit marks, as in his opinion shall be just, and then the same shall be added to the demerit marks in the bi-weekly class reports, and carried into the ledger. No student shall be demerited without notice to him of the fact and the cause.

§ 108. No student shall be suspended, except for misconduct; and all students suspended shall be required to attend all the recitations and lectures of their section.

§ 109. In all cases in which a student shall be guilty of any offence, which, in the opinion of the instructor, requires that such student should be sent to the Principal for discipline, the instructor shall, under his hand, give the student a memorandum of the offence, to be delivered to the Principal, and the Principal shall record the same in the Book of Disci-

pline, and shall himself determine the punishment, and cause the same to be recorded in the Book of Discipline.

Merit.

§ 110. The maximum of merit in any study or exercise shall be ascertained by multiplying the whole number of exercises of the class or section by ten, the scale on which merit is estimated. All punishments for misconduct shall be represented by demerit marks on the ledger.

§ 111. The maximum of conduct shall be ascertained by multiplying the whole number of academic days by ten, and the rate of conduct shall be ascertained by deducting from such maximum all demerit marks.

§ 112. There shall be made up, immediately after each examination, a Merit Roll of each class, and each student shall be ranked on the roll as he may approach most nearly to the maximum in his departments on the ledger, including the examinations, and including conduct.

§ 185. All supplies ordered for any school

shall be carefully put up for delivery, and charged to its account. Should there not be in the Depository at the time a supply of all the articles ordered, a due-bill for what may be deficient shall be delivered with the items sent, an entry of the same being regularly made in a book kept for the purpose, in which shall be subsequently noted the fact of its redemption. All due-bills shall be redeemable on demand.

§ 186. On the receipt of the articles drawn from the Depository, the principal of each school shall at once, in the presence of the person delivering the same, compare each item with their order in the Pass-Book, and finding all correct, shall give a receipt therefor, in a book provided for the purpose.

§ 193. In case a due-bill is given for any

deficient item or items, or any order, owing to a lack of supply temporarily in the Depository, the principal shall be at liberty to send such due-bill one or more times through the proper channel, until it is redeemed, and before the regular monthly day for drawing supplies comes round.

§ 196. Whenever a school shall have drawn the whole quantity of any article or articles deemed necessary under these regulations, and a loss of supplies in any school occurs, either from a partial burning of the premises, or from robbery, rendering an additional

allowance necessary, or when an extra quantity becomes indispensable, by a sudden and unusual increase in the attendance of pupils, or from the use of supplies by the pupils of the Evening Schools, the Board of Ward Officers shall refer the subject to the Committee on Supplies, with a list of the articles wanted, and a statement of the facts, and the Committee shall have discretionary power to furnish the supplies needed forthwith.

§ 197. Whenever a demand is made for supplies beyond the quantity assigned as aforesaid, and none of the reasons referred to in the last article exist, or when, by reason of the introduction by the Board of Education of a new study into the schools, a first supply of any book or books, or other article, may become necessary, or when said demand is made in consequence of the opening or commencement of any new school, organized by authority of the Board of Education, the Committee on Supplies shall consider the subject, and inform itself, as fully as circumstances will admit, of the merits of the case, and report favorably or adversely upon the application

to the next meeting of the Board of Education; and should the action of the Board be favorable, the supplies shallissue from the Depository forthwith; but if otherwise, the Clerk shall notify the Officers of the Ward of the fact.

RULES OF ORDER.

FIRST. In case the President shall not attend at the time appointed for the meeting of the Board, the Clerk, on the appearance of a quorum, shall call the Board to order, when a President *pro tem.* shall be appointed by the Board for that meeting, or until the appearance of the President.

SECOND. The President may substitute any other member to preside in his place, but such substitution shall not continue beyond the meeting at which it shall be made. The President shall decide all questions of order, subject to an appeal to the Board.

THIRD. When the Clerk is not present, the Assistant shall perform his duties at the meeting.

FOURTH. The Clerk shall make a list of the resolutions or reports on the table, which shall be considered the general orders of the day.

FIFTH. The order of business at every meeting shall be (except when otherwise specially ordered) as follows :

1. Reading the Minutes. Immediately after the Minutes of the Board shall be read and approved, at the seated meetings, the Minutes of the Executive Committee shall be read in the Board, for the information of the members.

2. Communications or Reports from Ward Officers ; Communications or Reports from the City Superintendent ; Miscellaneous Communications.

3. Resolutions to be referred or passed without objection.

4. Reports of Standing Committees.

5. Reports of Select Committees.

6. Motions and Resolutions.

7. Unfinished Business.

8. Special Orders of the Day.

9. General Orders of the Day.

Upon the presentation of any paper under the second order of business, it shall be referred to the appropriate Committee, or ordered

on file, without debate, unless the Board, by a vote of two-thirds of the members present, shall otherwise direct, except that a motion to print may be made, but the same shall also be decided without debate.

After the third order of business, the Board shall commence its business where it left off at the adjournment of the previous meeting. But the regular order of business may at any time be suspended by a vote of two-thirds of the members present.

SIXTH. All resolutions shall be presented in writing, with the name of the mover. When so presented, they shall be read, but shall not be considered until seconded; and papers presented shall be endorsed with a brief statement of the subject-matter.

SEVENTH. Motions to refer, to lay on the table, to adjourn, and for the previous question, shall always be in order—and, except the motion to refer, shall be taken without debate. A vote of the Board, ordering the previous question, shall be taken by ayes and noes, and shall preclude further debate, but shall not cut off pending amendments; but

each pending amendment shall be decided in order, and by ayes and noes, if required.

EIGHTH. No member shall withdraw from the meeting without permission from the President.

NINTH. Every member, previous to his speaking, shall rise and address himself to the President.

TENTH. When two or more members rise at one time, the President shall designate which is entitled to the floor.

ELEVENTH. No member shall speak more than twice on the same question, without leave of the Board—nor more than once until every member choosing to speak shall have spoken ; nor shall any member be allowed to speak more than ten minutes at any one time, upon any subject under consideration, unless by consent of a majority of the members present.

TWELFTH. Every member who shall be present when a question is put, shall vote for or against the same, unless excused by the Board.

THIRTEENTH. The ayes and noes upon all questions of appropriations of money, shall be called, and entered upon the minutes, and on all other occasions, at the request of any member.

FOURTEENTH. The Board may refer any matter to a Committee of the Whole, and may go into a Committee of the Whole, at the pleasure of the Board.

FIFTEENTH. A motion to reconsider a vote may be made by any member at the same meeting, and shall at such meeting be finally disposed of; but no vote of reconsideration shall be taken more than once on the same question.

SIXTEENTH. These rules, except the seventh, eleventh, and thirteenth, shall be applicable to the Board when in Committee of the Whole.
